New Manager

CHARLES T. CEDERLOF
To Glendale

Glendale Names Del Amo Manager

Robert Warnock has been named manager of Glendale Federal Savings and Loan Association's Del Amo office, succeeding Charles T. Cederlof.

Cederlof has been appointed business development supervisor for Glendale's 16 branches, Raymond D. Edwards, president of the association, said.

Warnock, who lives at 1640 Sunnyside Terrace, San Pedro, most recently served as assistant manager and loan manager of the Beverly Hills office. He began his career with First Federal Savings in San Pedro and continued with Glendale following the merger of the two firms in 1959.

BORN IN San Pedro, Warnock attended Chadwick School and was graduated from Stanford University. He has been chairman of the

support committee of the San Pedro and Peninsula YMCA and is on the Board of Managers. He has also been active in the San Pedro Rotary Club, 2030 Club and United Way. He and his wife have four boys.

Cederlof, 3205 Merrill Drive, will be responsible for the initiation and execution of special savings programs for Glendale Federal and will be based in the association's main office in Glendale.

HE HAS BEEN manager of the association's Del Amo office since 1959. He is a director of the Torrance Chamber of Commerce, a past president of the Lomita Chamber, and president of the Torrance-Lomita Realtors Toastmasters.

He also was born in San Pedro and received a degree in Business at Long Beach State College.

Legislators to Lose Per Diem If Absent

SACRAMENTO (CNS)—The state assembly has given further notice that it intends a more serious operation under its new status as a full-time and more highly paid legislature.

Assemblyman Carlos Bee, D-Hayward, speaker pro tempore, announced from the rostrum on Monday that unexcused absences of members would result in their losing their \$25 per diem allowance for such days. Bee said members must notify the floor leaders of their parties if they plan to be absent and whether it is because of legislative business or personal business.

In the case of absence for non-legislative business, the

\$25 per diem is waived for that day.

Earlier the assembly adopted a rule prohibiting members of the press from talking to members on the floor during sessions, in order to operate a more decorous house.

Engineers Are Needed By County Departments

County engineering departments need qualified civil engineers and construction inspectors, Supervisor Burton W. Chace said today.

Vital public works programs of the Flood Control District, County Engineer, and Road Department offer varied opportunities for men with the proper background, he continued.

The district has an immediate need for engineers to work in contract administration, structural and hydraulics, hydrology and erosion control, planning, operations, right-of-way, soils and materials, survey, and water conservation, Chace said. These positions require an

ECPD accredited engineering degree, California college civil degree of EIT and four years school experience. Salaries start at \$735 a month for candidates with a bachelor's degree and \$776 with those offering a Master of Science degree.

The district also needs construction inspectors with one year's experience in supervision or inspection of engineering construction work, the Supervisor said.

APPLICANTS must be able to read complex blueprints and do take-off calculations. A California Class 3 driver's license is also required. Pay range for the jobs runs from \$659 to \$819.

Dorothy Digs

Now that Christmas is past and the New Year is upon us, I want to wish you a very happy New Year and many happy hours of gardening.

The enjoyment that we are experiencing now in our garden is the result of the careful and proper care we gave last year.

If you are planning on planting new trees now is the time to start shopping. Most nurseries carry a large supply of bare root trees so be sure to get them early in order that you can have the pick of the crop.

When planting your trees take into consideration that in a few years your trees will be larger and will need

room for growth so give them lots of growing space. Dig a hole about twice the size of the ball of the tree and mix a good planting mix with the soil and give the roots a boost with the help of Vitamin B1 hormone with enzyme action.

Your trees should be pruned and shaped before planting.

Planting fruit trees in lawn areas is not advisable unless watering and fertilizing can be controlled separately from the lawn.

School Meditation Law Introduced by Chapel

A bill calling for a minute of silent meditation at the beginning of public school classes each day has been introduced in Sacramento by Assemblyman Charles E. Chapel (R-Palos Verdes).

Chapel said his bill A.B. 6, is copied from a Massachusetts law enacted last April.

The bill provides for a period of silent meditation at the beginning of the first

class in all grades of the public schools, Chapel said. No Activities may be held during the one-minute period.

Chapel said the bill has been assigned to the Assembly Committee on Education and will be sent directly to the floor of the Assembly when it is reported out of committee.

The bill is not intended to "get around" the so-called "Prayer Decision" of the U. S. Supreme Court, Chapel said. "My bill, like the Massachusetts law from which it is copied, merely provides for a minute of silent meditation," he explained.
